Dear Relatives, Friends and Volunteers,

### **Visiting the Home**

In light of the Government's guidelines and the Prime Minister's Broadcast on Monday night, we must ask you all to suspend visiting your relatives and friends at the Home.

We have done our utmost to keep our residents safe, whilst maintaining limited visiting, and we remain virus free. Now, as we enter the next critical phase of slowing the spread down, we ask that you refrain from visiting the Home.

If any Resident falls seriously ill, we will contact the nominated Next of Kin, and they will then pass the information on to the rest of their family. We will, of course, then allow close family members to visit their relative.

Obviously these guidelines are constantly changing, and we will be in touch with updates the moment we can allow limited visiting again.

Thank you very much for your co-operation and understanding thus far. Please be assured that the wellbeing of residents and staff in the Home is our highest priority.

Yours faithfully,

**Jane Trigle**
